

## **Anti-Spam Policy**

Domain Cost Club ("DCC") strictly prohibits any form of spamming with the intent to acquire referrals. In accordance with our company policies and to protect the rights of others, DCC has zero tolerance for Affiliates who blatantly disregard our Anti-Spam Policy. Spamming consists of sending unsolicited email messages to any recipient with whom you do not have a personal or professional relationship.

If you choose to send an email to a person with whom you have a personal or professional relationship, such email must comply with applicable laws and regulations including, without limitation, the federal CAN SPAM Act. Any email sent by an Affiliate that promotes DCC, the DCC opportunity, or DCC's services must comply with the following:

- i. There must be a functioning return email address to the sender.
- ii. All e-messages must include the Affiliate's physical mailing address.
- iii. All e-messages must clearly and conspicuously disclose that the message is an advertisement or solicitation.
- iv. The use of deceptive subject lines and/or false header information is prohibited.
- v. All opt-out requests, whether received by email or regular mail, must be honored. If an Affiliate receives an opt-out request from a recipient of an email, the Affiliate must forward the opt-out request to the Company.
- vi. All e-messages sent (including, but in no way limited to anything you reply to) with any mention of or linking in any way to our products, services, offerings, or anything whatsoever tied to our company must include the direct link to our Global Remove Database. You may include other removal links in your messages, but they cannot be used in place of our link. Failure to clearly include our removal link is a direct violation of our Anti-Spam policies. The proper link to use along with working examples can be found in the FAQ sections of our WebSite.
- vii. All e-messages sent (including, but in no way limited to anything you reply to) with any mention of or linking in any way to our products, services, offerings, or anything whatsoever tied to our company must be fully compliant with the Can-Spam Act. They must also be fully compliant with all our additional anti-Spam requirements as outlined above. Failure to comply with all our Anti-Spam requirements even if your message is Can-Spam compliant is a direct violation of our Anti-Spam Policies.

DCC may periodically send commercial emails on behalf of Affiliates. By entering into the Affiliate Agreement, Affiliate agrees that the Company may send such emails and that the Affiliate's physical and email addresses will be included in such emails as outlined above. Affiliates shall honor opt-out requests generated as a result of such emails sent by the Company.

Affiliates may not advertise, promote, or otherwise use domaincostclub.com or a referral link based on domaincostclub.com. All advertising/promotion must use Domain Cost Club or domaincost.club, and all links must be coded to use domaincost.club. Referral links must be formatted using the syntax domaincost.club/username. Your specific referral link can be found within your account. Unauthorized use of domaincostclub.com will not be tolerated and can result in action being taken against your account including, but not limited to, suspension or full account termination.

Spamming also consists of, but is not limited to:

Usenet and Message Board Spamming. These are messages that are sent or posted and are misleading to potential referrals and are unrelated to the topic of discussion.

Chat Room Solicitations. Solicitations posted in chat rooms or by use of instant messaging systems.

If a spamming complaint is received, DCC will send the Affiliate under investigation a warning letter stating that a complaint has been received and that they are under investigation for spamming activities. If we determine the spamming complaint is valid and an Affiliate has intentionally broken our Anti-Spam Policy, that Affiliate will be immediately terminated. If an Affiliate is terminated they will forfeit any unpaid monies, lose all their referrals and will be ineligible to re-enter the DCC Program.

Spamming is a serious problem that wastes a lot of time and money for all Internet users. Not only does it take the recipient a long time to download unwanted junk mail but it uses up a lot of hardware space on your computer as well. DCC has joined the fight against spam and has joined Anti-Spam organizations committed to finding solutions to the everyday problems associated with spamming and the users who find it necessary to spam. If you believe you have been spammed and would like to report an Affiliate for spamming activities please send us an email at [abuse@domaincostclub.com](mailto:abuse@domaincostclub.com).

You understand and agree to comply with the Terms of Service and Policies & Procedures of any and all websites/web-based programs in which you are directly or indirectly mentioning or linking in any way to products, services, offerings, or anything whatsoever tied to Domain Cost Club. You understand that violating the Terms of Service/Policies & Procedures of a third-party website or web-based program can be considered a direct violation of Domain Cost Club Terms of Service/Policies & Procedures and can result in action being taken against your account (including but not limited to issuance of a written warning or admonition; suspension, which may result in termination or reinstatement with conditions or restrictions; or permanent termination of the account in full).

You understand and agree that no income claims, income projections, nor income representations may be made to prospective Affiliates. Any false, deceptive, or misleading claims regarding the Domain Cost Club opportunity or DCC products and services are prohibited. Furthermore, you understand that you may in no way attempt to misleadingly represent yourself as an employee of DCC. Affiliates are independent contractors and are not purchasers of a franchise or business opportunity. All Affiliates may list themselves as an "Independent Domain Cost Club Affiliate" and in no way may mislead or deceive prospective or existing members into believing the Affiliate is communicating with an employee of Domain Cost Club (this includes but is not limited to telephone calls, emails, or message board postings).
